

Group 1: Spring Room (3/10 9:15am-10:30am)

| Name | Institution | Email |
|---|---|--|
| Faculty | | |
| Burns, Rebekah Sojar, Sakina | Seattle Children's Hospital Brown University | Rebekah.Burns@seattlechildrens.org sakina.sojar@gmail.com |
| Fellows | | Project Title |
| Baker, Alexander | University of New Mexico | Barriers to follow-up after pediatric emergency department initiated buprenorphine for opioid use disorder |
| Branson, David | Children's National Hospital | Screening for human trafficking in a Pediatric Emergency Department |
| Chhabra, Caroline | UPMC Children's Hospital of Pittsburgh | Toxicology, trauma, and maltreatment: Investigating the link between drug exposure and child physical abuse |
| Vijayakumar, Nithya | Children's Hospital of Los Angeles | Evaluating food insecurity in the pediatric emergency department |
| Walter, Natalie | Riley Hospital | Diagnostic patterns in pediatric chest pain: Rethinking the role of cardiac point-of-care ultrasound in the emergency department |

Group 2: Spring Room (3/10 10:45am-12:00pm)

| Name | Institution | Email |
|---|---|---|
| Faculty | | |
| Burns, Rebekah Sojar, Sakina | Seattle Children's Hospital Brown University | Rebekah.Burns@seattlechildrens.org sakina.sojar@gmail.com |
| Fellows | | Project Title |
| Chinchilla, Sofia | Nationwide Children's Hospital | Don't bark up the wrong tree |
| Moreno, Andrea | Sociedad Latinoamericana de Emergencia Pediátrica | What motivates patients with low complexity health problems to attend a tertiary hospital |
| Oboli, Victor | Yale University School of Medicine | 1. Learning in the Hot Zone: Exploring Psychological Safety in High-Stress Clinical Settings 2. Using Simulation to Teach Consultation in the Emergency Department |
| Riverpalmerkell, Nadya | Rainbow Babies/Children's Hospitals | Providing pediatric emergency medicine services on triage phone calls to the emergency room - creating a curriculum for resident education |
| Sternhagen, Tyler | Cincinnati Children's Hospital | Defining acute injury for the general pediatrics resident |
| Talukder, Michelle | University of Louisville | Shorter is better, a retrospective review in prescribing habits in pediatric emergency medicine |

Group 3: James Room (3/10 9:15am-10:30am)

| Name | Institution | Email |
|--|--|---|
| Faculty | | |
| Flood, Shannon Gonzalez del Rey, Javier | Children's Hospital Colorado Cincinnati Children's Hospital | Shannon.Flood@childrenscolorado.org Javier.Gonzalez@cchmc.org |
| Fellows | | Project Title |
| Gauthier, Abigail | Vanderbilt University Medical Center | Increasing in-person interpreter use in the pediatric emergency department |
| Hannon, Erin | Morgan Stanley Children's Hospital | Comparing rates of clinically significant translation errors among machine translated versus professionally translated discharge instructions in the Pediatric Emergency Department |
| Hernandez, Katelyn | University of Texas Southwestern | A comparative study of emergency severity index in pediatric patients from Spanish-speaking families arriving at the emergency department via EMS |
| Lowe, Jeremiah | Children's Hospital Colorado | In-person Spanish Interpretation in the pediatric emergency department |
| Muller, Carly | Lurie Children's Hospital | Understanding transfers of non-English-speaking patients from adult emergency departments to a pediatric quaternary care facility |

Group 4: James Room (3/10 10:45am-12:00pm)

| Name | Institution | Email |
|--|--|--|
| Faculty | | |
| Flood, Shannon Gonzalez del Rey, Javier | Children's Hospital Colorado Cincinnati Children's Hospital | Shannon.Flood@childrenscolorado.org Javier.Gonzalez@cchmc.org |
| Fellows | | Project Title |
| Arrate, Maria Elena | Children's National Hospital | Global health and injury prevention overseas |
| Chaudhury, Haya | Johns Hopkins Children's Center | Exploring unmet social needs in patients and families visiting the pediatric emergency department in an urban children's hospital. |
| De Araujo, Monique | Stanford Health Care | Is it feasible to implement a longitudinal POCUS curriculum in medical school at the university of global health |
| Huber, Haley | Seattle Children's Hospital | Predictors of outcomes in pediatric sepsis following interfacility transfer |
| Nfonyim Bernhard, Bianca | Children's Hospital of Philadelphia | Outcomes of bubble CPAP for pediatric respiratory distress in Douala, Cameroon |
| Weber, Thomas | Stanford Health Care | Improving language equity through implementation of standardized discharge instructions in the pediatric emergency department |

Group 5: Marion Room (3/10 9:15am-10:30am)

| Name | Institution | Email |
|---|---|--|
| Faculty | | |
| Stanley, Rachel Trehan, Indi | Nationwide Children's Hospital Seattle Children's Hospital | Rachel.Stanley@nationwidechildrens.org Indi.Trehan@seattlechildrens.org |
| Fellows | | Project Title |
| Cummings, Christine | Children's Hospital of Philadelphia | Trauma, transport and injury prevention: The interconnectedness of them all |
| Jarjour, Jane | Boston Children's Hospital | Modified pneumonia risk score with lung ultrasound for the prediction of radiographic pneumonia in children |
| Lobo, Kenia | Children's Hospital of Atlanta | The anemia crisis in Peruvian children < 5 Years Old: Causes, measurement, challenges and actionable solutions |
| Omehe, Elizabeth | University of Oklahoma Health Sciences Center | Time to antipyretic administration in waiting room vs. ED room and it's effect on admission rates |
| Wells, Taylor | Children's Minnesota | The role of the diaphragmatic ultrasound in predicting the severity of pediatric asthma exacerbations |

Group 6: Marion Room (3/10 10:45am-12:00pm)

| Name | Institution | Email |
|---|---|--|
| Faculty | | |
| Stanley, Rachel Trehan, Indi | Nationwide Children's Hospital Seattle Children's Hospital | Rachel.Stanley@nationwidechildrens.org Indi.Trehan@seattlechildrens.org |
| Fellows | | Project Title |
| Bauman, Anna | University of Michigan | A retrospective study on the relationship between multidimensional index of deep disadvantage and pediatric readiness score |
| Issac, Nisha | Phoenix Children's Hospital | Trends in firearm injuries at a pediatric level 1 Trauma Center: A retrospective review |
| Parlin, Ursula | Children's Hospital of Pittsburgh | Assessment of a multidisciplinary program for pediatric patients affected by violent injuries |
| Roach, Alexis | Arkansas Children's Hospital | Service utilization patterns among pediatric patients following firearm injury |
| Snellgrove, Kendall | University of Alabama at Birmingham | Pediatric firearm-injured victims and utilization of the emergency department for mental health |
| Strode, Emma | Medical College of Wisconsin | Evaluating clinical outcomes of pediatric patients with penetrating injuries enrolled in hospital-based violence interruption programming in Milwaukee, WI |

Group 7: Columbia Room (3/10 9:15-10:30am)

| Name | Institution | Email |
|--|--|--|
| Faculty | | |
| Devarajan, Veena Sobolewski, Brad | Seattle Children's Cincinnati Children's Hospital | Veena.Devarajan@seattlechildrens.org brad.sobolewski@cchmc.org |
| Fellows | | Project Title |
| Awad, Claudia | New York Presbyterian Brooklyn Methodist | Assessing resident learner retention and satisfaction using smartphones as a means for visual education |
| Curiel, Julian | Children's Hospital of Philadelphia | Point of care ultrasound in fellowship |
| Fowler, Alison | Children's Mercy Hospital Kansas City | Increasing tap water irrigation for lacerations |
| Joachim, Elizabeth | Indiana University | Analysis of non-traditional emergency department bed use |

Group 8: Columbia Room (3/10 10:45-12:00pm)

| Name | Institution | Email |
|--|--|--|
| Faculty | | |
| Devarajan, Veena Sobolewski, Brad | Seattle Children's Cincinnati Children's Hospital | Veena.Devarajan@seattlechildrens.org brad.sobolewski@cchmc.org |
| Fellows | | Project Title |
| Bell, Geovonni | Univ of Texas Austin | Treatment and management of cannabinoid hyperemesis syndrome for pediatric patients |
| Dorn, Margaret | University of Louisville | Artificial intelligence in pediatric emergency medicine |
| Francis, Chazine | Jacobi Medical Center | Using artificial intelligence for weight estimation in pediatric patients |
| King, Hannah | Lurie Children's Hospital | 1. Improving education and training for prehospital providers on the care of pediatric patients with medical complexity. 2. Utilizing artificial intelligence to augment medical education |
| Nguyen, Henry | Children's Hospital of Michigan | Can a computer accurately triage patients using machine learning? |
| Wood, Emily | University of Texas Southwestern | The use and views of artificial intelligence in pediatric emergency medicine fellowship applications |

Group 9: Justice Room (3/10 9:15am-10:30a)

| Name | Institution | Email |
|------------------------------------|---|--|
| Faculty | | |
| Kinneman, Lauren Nagler, Joshua | Seattle Children's Hospital Boston Children's Hospital | Lauren.Kinneman@seattlechildrens.org Joshua.nagler@childrens.harvard.edu |
| Fellows | | Project Title |
| Acharya, Ratna | Nemours Children's Hospital Florida | Lung Ultrasound Equivalent/Superior to Chest X-Ray for diagnosis of Pneumonia |
| Awadalla, Menna | Texas Children's Hospital | FASTer Exam: A Simplified FAST Exam to Identify Free Fluid in Pediatric Patients |
| Hart, Jordan | Children's Hospital of Richmond | Point-of-care Ultrasound Use in the Confirmation of Displaced Gastrostomy Tubes in the Pediatric Emergency Room |
| Henry, Matt | Riley Children's Hospital | POCUS vs comprehensive radiology-performed ultrasound for soft tissue infection in the pediatric emergency department |
| Huang, Yvonne | New York University/ Langone Hospital | POCUS Findings for abdominal pain in GAS Pharyngitis |

Group 10: Justice Room (3/10 10:45am-12:00p)

| Name | Institution | Email |
|------------------------------------|---|--|
| Faculty | | |
| Kinneman, Lauren Nagler, Joshua | Seattle Children's Hospital Boston Children's Hospital | Lauren.Kinneman@seattlechildrens.org Joshua.nagler@childrens.harvard.edu |
| Fellows | | Project Title |
| Ginton, Lee | Rady Children's Hospital | The accuracy and time to identify the cricothyroid membrane in pediatric patients by Pediatric Emergency Medicine providers using digital palpation versus ultrasound |
| Kaplan, Samuel | University of Texas-Austin | Incidence of hypotension or hypoxia in pediatric patients prior to placement of an advanced airway in prehospital care |
| King, Rachel | University of Louisville | Validating lung ultrasound science in pediatric emergency medicine |
| Pryor, Joshua | Arnold Palmer Hospital for Children | A retrospective analysis of video versus direct laryngoscopy effects on first pass success rate in pediatric patients |
| Wimberly, Justin | Arkansas Children's Hospital | Use of ultrasound in confirming endotracheal intubation |

Group 11: Vista I Room (3/10 9:15am-10:30am)

| Name | Institution | Email |
|---|--|--|
| Faculty | | |
| Auerbach, Marc Caglar, Derya | Yale University Seattle Children's Hospital | marc.auerbach@yale.edu derya.caglar@seattlechildrens.org |
| Fellows | | Project Title |
| O'Shea, Molly | Nationwide Children's Hospital | Improving national prehospital pediatric readiness project scores |
| Steinberg, Danielle | Bellevue Hospital | Simulation as a tool to decrease provider discomfort regarding end-of-life care in the pediatric emergency department |
| Tizzard, Eric | Austin Dell Medical School | Does simulation improve comfort level with high acuity, low frequency procedures in the pediatric world |
| Wallace, Shawnee | Texas Children's Hospital | Seek, evaluate, plan: How team reflexivity enhances shared mental models and simulation success |
| Walton, Charlene | Lurie Children's Hospital | Characteristics and trends in pre-hospital interventions among youth who experience drowning in the U.S. |

Group 12: Vista I Room (3/10 10:45am-12:00pm)

| Name | Institution | Email |
|---|--|--|
| Faculty | | |
| Auerbach, Marc Caglar, Derya | Yale University Seattle Children's Hospital | marc.auerbach@yale.edu derya.caglar@seattlechildrens.org |
| Fellows | | Project Title |
| Dallas, Abbey | Children's Hospital of Philadelphia | Emergency care planning for children with medical complexity |
| Kelley, Fallon | Arnold Palmer Hospital for Children | Learning Pediatric Vascular Access in the Pediatric Emergency Department An Integrated Teaching Format |
| Labudde, Emily | Children's Hospital of Atlanta | Use of point-of-care ultrasound in pediatric air transport |
| Lee, Amanda | Children's Minnesota | Disaster preparedness of technology dependent children |
| Ryckley, Christina | Maimonides Medical Center | Pedi readiness with trauma sim education |
| Sealby, Rachel | Medical University of South Carolina | Pediatric readiness in South Carolina emergency departments |

Group 13: Vista II Room (3/10 9:15am-10:30am)

| Name | Institution | Email |
